

The DFG-funded Graduate School
RTG2887 „VISualization and imaging of
virus infectiON“ (VISION) cordially invites
all interested parties to the symposium
dedicated to the field of integrated
structural virology!

8-9th
September
2026

@CSSB
Centre for
Structural Systems
Biology, Hamburg,
Germany

Sessions and Speakers:

1 Virus Structure, Receptors and Entry

Beata Turoňová MPI Frankfurt
David Alsteens Université catholique de Louvain
Joost Snijder Utrecht University

2 Virus Replication, Assembly and Maturation

Eva Kummer University of Copenhagen
Hélène Malet Grenoble Alpes University
Petr Chlanda University of Heidelberg

3 Viral Proteins, Vaccines and Antivirals

Boris Bogdanow Charité Berlin
Clara Schoeder University Leipzig
Anke-Dorothee Werner University Marburg

+ Poster Session!

Abstract submission: 15 May
Registration deadline: 19 July
